CI had no information on the above. CI did state that on Wednesday 11-20-63 he noticed a Station Wagon, Green and White Ford in the vicinity of overpass near 1442 Parkridge. He stated that there were three men in it and they had surveyors equipment therein. He noticed the three men were working around the over-pass. He was having trouble with the drainage at 1442 Parkridge and had called the State people about it, because of the overpass. CI inquired of these men if they were from the State and he was told that they were from the City... On 11-22-63, the day that President Kennedy was due in San Antonio, he again noticed this same station wagon in the vicinity. While he had nothing to suspicion that there was anything wrong, the fact that the station wagon was there again, and the fact that President Kerney was due to arrive around noon, time he jotted down the license number. He thought nothing further about it, until being contacted by writer this date. He stated that there might not be nothing to it, but the license number was H. M. 6267 (1962 Texas...)). The writer had SC DAVID WALL check number with DPS and ascertained it was registered to 1958 Ford Station Wagon; to W. W. NOBLE 219 San Angelo. City Directory shows Noble as Survey Party Chief, City Public Water Department. No further action being taken.
